A STATEMENT

OF THE COURSE OF INSTRUCTION, EXPENCES, &c.

IN

YALE COLLEGE.

TERMS OF ADMISSION.

CANDIDATES for admission to the Freshman Class, are examined in Cicero's Select Orations, Clark's introduction to the making of Latin, Virgil, Sallust, the Greek Testament, Dalzel's Græca Minora, Adams' Latin Grammar, Goodrich's Greek Grammar, Latin Prosody, and Arithmetic.

A candidate for an advanced standing, in addition to the preparatory studies, is examined in the various branches to which the class he proposes to enter have attended.

The stated time of examination for admission into college, is on the day preceding the public commencement. But persons may be examined, in any other part of the collegiate terms. It is requested that they may not be offered in the vacations, except for very special reasons.

No one can be admitted to the Freshman class, till he has completed his fourteenth year; nor to an advanced standing, without a proportional increase of age.

Testimonials of good moral character are in all cases required; and those who are admitted from other colleges must produce certificates that they have been subjected to no collegiate censure. The students are not considered as regular members of the college, till, after a residence of at least six months, they have been admitted to matriculation, on satisfactory evidence of an unblemished moral character. Before this they are only students on probation.

COURSE OF INSTRUCTION.

The Academical Faculty, to whom is committed the government and instruction of the students, consists of a President, a Professor of Chemistry, Mineralogy, and Geology, a Professor of the He-

brew, Greek, and Latin Languages, a Professor of Mathematics, Natural Philosophy, and Astronomy, a Professor of Divinity, a Professor of Rhetoric and Oratory, and eight Tutors.

The whole course of instruction occupies four years. In each year, there are three terms or sessions.

The three younger classes are divided, each into two or three parts; and each of the divisions is committed to the particular charge of a Tutor, who, with the assistance of the Professors, instructs them. The Senior class is instructed by the President and Professors. Each of the four classes attends three recitations or lectures in a day; except on Wednesdays and Saturdays, when they have only two. The following scheme gives a view of the authors recited, each term.

In addition to the recitations in the books here specified, the classes receive lectures and occasional instruction from the Professor of Languages; the Junior class attends a course of experimental lectures on Natural Philosophy; and the Senior class, the courses on Chemistry, Mineralogy, Geology, and the principles of Natural Philosophy. The members of the several classes attend also the private exercises and lectures of the Professor of Rhetoric and Oratory. Specimens of English composition are exhibited daily by one or more of each of the divisions of the Sophomore and Junior classes. Written translations from Latin authors, are presented by the Freshman class. The lower classes are also instructed in Latin composition. The Senior and Junior classes have Forensic Disputations once or twice a week, before their instructors. There are very Frequent exercises in Declamation before the Tutors, before the Professor of Oratory, and before the faculty and students in the chapel.

The Berkeleian Premium, of about 46 dollars a year, is given to the scholar in each class who passes the best examination in Latin and Greek; provided he reside as a graduate in New-Haven, one, two, or three years. Premiums are also given for Latin and English Composition, and Declamation in public.

There are two public examinations of the classes in a year, one in May, the other in September; which are continued from four to six days each. The candidates for degrees are also examined at the close of their course of study.

There are three vacations in a year; one of six weeks, beginning at Commencement, the second Wednesday in September; the second, two weeks from the second Wednesday in January; and the third, four weeks from the first Wednesday in May. No student is allowed to be absent, without special leave, except in vacations.

PUBLIC WORSHIP.

Prayers are attended in the College chapel, every morning and evening, with the reading of the Scriptures; when one of the Faculty officiates, and all the students are required to be present. They are also required to attend public worship in the chapel on the Sabbath, except such as have permission to attend the Episcopal, or other congregations in town.

EXPENSES.

The College bills are made up by the Treasurer and Steward three times a year, at the close of each term; and are presented to the students, who are required to present them to their parents, guardians, or patrons. If any student fails to comply with this requisition, he is not permitted to recite, till the bills are paid.

The annual charges in the Treasurer's bill are

For instruction - - - - - - -	$33 00
For rent of a chamber in college, from 6 to 12 dollars, average, - - - - - -	9 00
For ordinary repairs and contingencies, - -	2 40
For general damages, sweeping, &c. about -	3 30
For wood for recitation rooms, about - - -	1 30
	$49 00

Besides this the student may be charged for damages done by himself, and a small sum for printing catalogues and other occasional expenses.

Board is furnished in commons by the Steward, at cost, about $1 60 a week; or $64 a year, not including vacations. It varies however with the price of provisions. Wood is procured by the Corporation, and distributed to those students who apply for it, at cost and charges.

The students provide for themselves bed and bedding, furniture for their rooms, candles, books, stationary, and washing. There are also, in the several classes, taxes of a small amount, for the fuel in the recitation rooms, catalogues, &c. If books and furniture are sold, when the student has no further necessity for them, the expense incurred by their use, will not be great.

The following may be considered as a near estimate of the *necessary* expenses, without including apparel, pocket money, travelling, and board in vacation.

Treasurer's bill, as above, - - -	$49	$49
Board in commons, 40 weeks, - -	from 60	to 70
Fuel and light, - - - - - - -	8	16
Use of books recited, and stationary, - -	5	15
Use of furniture, bed, and bedding, - - -	5	15
Washing, - - - - - - - -	8	18
Taxes in the Classes, &c. - - - -	5	7
Total,	from $140	to 190

Those who have their board and room in private families, will incur an additional expense of from 70 to 100 dollars a year. None are permitted to take lodgings in town, except when the rooms in college are not sufficient to accommodate all.

Students who wait in the hall, are allowed their board; and those who occupy the recitation-rooms, save their fuel in winter, and receive a small compensation in summer.

Notes of the several incorporated banks in this state, and such other notes as are taken by the banks in the city of New-Haven, are received in payment of the bills. Drafts on New-York, Philadelphia and Boston, are received without discount. Money or drafts to pay the Treasurer's and Steward's bill, may be transmitted directly to STEPHEN TWINING, Esq. who is Steward and assistant Treasurer.

With regard to apparel, and what is called pocket-money, no general estimate can be made. These are the articles in which the expenses of individuals differ most; and in which some are unwarrantably extravagant. There is nothing by which the character and scholarship of the students at this college are more endangered, than by a free indulgence in the use of money. Great caution, with respect to this, is requisite, on the part of parents. What is more than sufficient to defray the ordinary expenses, will expose the student to numerous temptations; and will not contribute either to his respectability, or his happiness.

As a precaution against extravagance, parents at a distance frequently deposit funds with some one of the Faculty; who, in that case, pays a particular attention to the pecuniary concerns of the student, settles his bills, corresponds with the parent, transmits an account of the expenditures, &c. for which he charges a commission.

A person admitted to an advanced standing, unless coming from another college, pays a sum to the Treasurer, equal to the tuition-money which has been paid by others of the class which he enters.

THE MEDICAL INSTITUTION.

THE Instructors in the Medical Institution, are a Professor of the Theory and Practice of Physic and Surgery, a Professor of Materia Medica and Botany, a Professor of Chemistry and Pharmacy, and a Professor of Anatomy and Physiology. The lectures commence the last week in October, and terminate the last week in February. During the course, from 50 to 100 Lectures are given by each professor.

The students have access to the Lectures on Natural Philosophy, Mineralogy and Geology. A distinct course is given on Obstetricks, by the Professor of Anatomy, and another, on the elements of Botany, by the Professor of that department. The Examination for Licenses and degrees is held immediately after the close of the Lectures.

The Institution is furnished with a Library and Anatomical Museum. The students also have access to the Library of the College.

The fees, which are paid in advance, are 12 dollars and 50 cents for each course, except that on Mineralogy. The Matriculation fee and contingent bill are seven dollars and fifty cents. The entire expense of a residence of four months, through the courses, including fees and all expenses, except clothing, is from 120 to 150 dollars.

The Medical students, during their residence in the Institution, are subject to the same moral and religious restraints, as those of the Academical College.
