TIME AND CONDITIONS OF EXAMINATION.

THE REGULAR EXAMINATION for admission to College takes place on Monday and Tuesday preceding Commencement, beginning at 9 o'clock A. M. on Monday and at 8 o'clock A. M. on Tuesday. The candidates assemble at Graduates Hall. There will be another examination at the same place, on Tuesday and Wednesday, September 15th and 16th, beginning at 9 o'clock A. M. on Tuesday, and at 8 o'clock A. M. on Wednesday. Persons may be examined for an advanced standing in any other part of the collegiate terms, but not in vacations, except in very special cases. No one can be admitted to the Senior Class, after the commencement of the second term.

ADVANCED STANDING.—All candidates for advanced standing, whether from other Colleges or not, in addition to the preparatory studies, are examined in those previously pursued by the classes which they propose to enter.

AGE.—No one can be admitted to the Freshman Class, till he has completed his fourteenth year, nor to an advanced standing without a proportional increase of age.

TESTIMONIALS.—Testimonials of good moral character are in all cases required; and those who are admitted from other Colleges must produce certificates of dismissal in good standing.

BOND.—Every person, on being admitted, must give to the Treasurer a bond, executed by his parent or guardian, for two hundred dollars, to pay all charges which may arise under the laws of the College.

MATRICULATION.—The students are not considered as regular members of the College, till, after a residence of at least six months, they have been admitted to matriculation on satisfactory evidence of an unblemished moral character. Before this they are only students on probation. The laws of the College provide for the final separation from the institution of those, who, within a specified time, do not so far approve themselves to the Faculty as to be admitted to matriculation.

COURSE OF INSTRUCTION.

THE WHOLE COURSE OF INSTRUCTION occupies four years. In each year there are three terms or sessions.

DIVISIONS.—The Freshman class is divided into four parts, the Sophomore and Junior classes each into three parts, and the Senior class into two.

The Sophomore Class have regular exercises in Elocution, during the whole year, and once a week have an exercise in Declamation in the Chapel, before the Professor of Rhetoric and the members of the Class.

ELECTIVE STUDIES.

THOSE students, who are desirous of pursuing the higher branches of the Mathematics, are allowed to choose Analytical Geometry in place of the regular Mathematics, in the third term of Sophomore Year, and the Differential and Integral Calculus, during the first two terms of Junior Year, in place of the Greek or the Latin studies of those terms.

During the third term of Junior Year, in addition to the required studies of the term, the members of the class receive at their option instruction in select Greek or Latin; Hebrew; the Modern Languages; or Practical Surveying.

Students who desire instruction in the modern languages, may receive it, at their own expense, from competent teachers, engaged for the purpose by the Faculty.

VOCAL MUSIC.

SCIENTIFIC INSTRUCTION is given in vocal music, twice a week during the year.—The exercises in this department are open to all the classes.

The entire course extends through two years, and has especial reference to sacred music.

EXAMINATIONS.

PUBLIC EXAMINATIONS of the classes are held at the close of each term on the studies of the term; and twice in the College course, at the close of the Sophomore and Senior years, on the studies of the two preceding years.

The biennial examinations are conducted wholly in writing and are continued each for a period of between two and three weeks.

TERMS AND VACATIONS.

THE PUBLIC COMMENCEMENT is held on the last Thursday in July of each year. The first term begins seven weeks from the day before Commencement and continues fourteen weeks; the second begins on the first Wednesday in January and continues fourteen weeks; the third, of twelve weeks, begins on the first Wednesday in May and continues till Commencement. The intervening periods of seven, two, and three, or as the case may be, four weeks, are assigned for vacations.

LEAVE OF ABSENCE.—No student is allowed to be absent, without special leave, except in vacations. The absence of a student in term time, even for a few days, occasions a much greater injury than is commonly supposed by parents or guardians. During the vacations, on the contrary, parents are earnestly advised not to allow their sons to remain at the College.

PUBLIC WORSHIP.

PRAYERS are attended in the College Chapel every morning and evening, with the reading of the Scriptures; when one of the Faculty officiates, and all the students are required to be present.

PUBLIC WORSHIP is held in the Chapel on the Sabbath, which all the students are required to attend, except such as have special permission to attend the worship of other denominations, to which their parents belong. Such permission can be obtained only by presenting to the President a written request from the parent or guardian.

EXPENSES.

THE COLLEGE BILLS are made out by the Treasurer three times a year, at the close of each term, and are delivered to the students, who are required to present them to their parents, guardians, or patrons. The bills are payable at the close of the term, and if not paid by the expiration of two weeks after the commencement of the succeeding term, the student is liable to be prohibited from reciting.

TREASURER'S BILL.

The annual charges in the Treasurer's bill are,

For tuition,	\$45 00
" rent and care of half room in College, average of four years,	17 44
" expenses of public rooms,	3 00
" ordinary repairs, general damages, and incidentals, about,	3 56
	<hr/>
	\$69 00

OTHER CHARGES.—Besides this bill, the student pays for tuition in optional studies during part of Junior year, a small sum for the use of books which he may draw from the College Library, and additional charges at graduation, amounting to \$9 50.

STUDENTS ROOMING ALONE.—If a student occupies a whole room the charge for rent and care is double that stated above.

ADVANCED STANDING.—Any person admitted to an advanced standing, unless coming from another College, pays the sum of five dollars as tuition money, for each term which has been completed by the class which he enters.

NOTES of the several incorporated banks in this State, and such other notes as are taken by the banks in the city of New Haven, are received in payment of the bills. Drafts on Boston, New York or Philadelphia, may be transmitted direct to the Treasurer.

BOARD.—Board is obtained at prices varying from \$2 25 to \$3 50. To a majority of the students it is about \$3 00 a week. Board may be obtained in clubs, by those students who wish it at a lower rate than is common in boarding houses. No student is allowed to be a boarder in any hotel or house of public entertainment.

LODGINGS IN TOWN.—Students who wish to take lodgings in town are permitted to do so. But if, in consequence of this, any of the rooms in College are left vacant, the amount of the rent will be assessed upon those who room in town. The expense of room rent in private

houses is much greater than in College. The students living out of College are not allowed to room in any house or building, in which a family does not reside.

FURNITURE, BOOKS, &c.—The students provide for themselves bed and bedding, furniture for their rooms, fuel, lights, books, stationery and washing. There are also, in the several classes and literary societies, taxes of a small amount. If books and furniture are sold, when the student has no further necessity for them, the expenses incurred by their use will not be great.

FUEL is distributed to those students who apply for it, at cost and charges, and *must be paid for at the time of ordering.*

NECESSARY EXPENSES.—The following may be considered as a near estimate of the *necessary* expenses, without including apparel, pocket money, traveling, and board in vacations:—

Treasurer's bill as above, - - - - -	\$69		\$69
Board, 40 weeks, - - - - -	from 90	to	140
Fuel and lights, - - - - -	" 10	"	20
Use of books recited, and stationery, - - - - -	" 5	"	15
Use of furniture, bed and bedding, - - - - -	" 5	"	20
Washing, - - - - -	" 12	"	24
Taxes in the Societies, &c. - - - - -	" 9	"	12
Total,	\$200	to	\$300

GENERAL EXPENSES.—With regard to apparel, and what is called pocket money, no general estimate can be made. These are the articles in which the expenses of individuals differ most, and in which some are unwarrantably extravagant. There is nothing by which the character and scholarship of the students in this College are more endangered, than by a free indulgence in the use of money. Great caution with regard to this is requisite on the part of parents. What is more than sufficient to defray the ordinary expenses, will expose the student to numerous temptations, and will not contribute either to his respectability or happiness.

COLLEGE GUARDIAN.—As a precaution against extravagance, parents at a distance frequently deposit funds with some one of the Faculty; who, in that case, pays a particular attention to the pecuniary concerns of the student, settles his bills, corresponds with the parent, transmits an account of the expenditures, &c., for which he charges a commission.

BENEFICIARY FUNDS.

A SUM exceeding two thousand dollars, derived partly from permanent charitable funds, is annually applied by the Corporation for the relief of indigent students, especially those who are preparing for the ministry of the Gospel. About seventy have their tuition either wholly or in part remitted. There are also nine scholarships, yielding each about \$60 per annum, which may be given to such students as shall be selected.

TEXT-BOOKS.—Indigent students are also supplied with most of the text-books used in the College course, without expense, by loan from the Benevolent and Educational Libraries.

RECITATION ROOMS.—Students in the Freshman Class who occupy the recitation rooms, save their room rent and fuel in winter, and receive a small compensation in summer.

SCHOLARSHIPS.

THE BERKELEY SCHOLARSHIP, yielding about forty-six dollars a year, is awarded to the student in each Senior Class, who passes the best examination in the Greek Testament, Xenophon's *Cyropædia*, and Homer's *Iliad*, Cicero's *Tusculan Questions*, Tacitus, (except the *Annals*,) and Horace; provided he remains in New Haven as a graduate one, two or three years.

THE CLARK SCHOLARSHIP, yielding a hundred and twenty dollars a year, is awarded to the student in each Senior Class, who passes the best examination on the studies of the College course; provided he remains in New Haven as a graduate one or two years, pursuing a course of study (not professional) under the direction of the Faculty.

THE BRISTED SCHOLARSHIP, yielding about ninety-three dollars a year, is awarded whenever there may be a vacancy, to the student in the Sophomore or Junior Class, who passes the best examination in the Greek and Latin classics and the mathematics. The successful candidate receives the annuity, (forfeiting one-third in case of non-residence in New Haven,) until he would regularly take his second degree.

A SCHOLARSHIP, yielding sixty dollars a year, is awarded to the student in each Freshman Class, who passes the best examination in Latin composition (excellence in which is essential to success), in the Greek of the year, and in the solution of algebraic problems. The successful candidate enjoys the annuity under certain conditions during the four years of his College course.

PREMIUMS.

THE DEFOREST PRIZE MEDAL, of the value of one hundred dollars, will be awarded "to that scholar of the Senior Class, who shall write and pronounce an English Oration in the best manner."

THE TOWNSEND PREMIUMS, five in number, each of twelve dollars, are awarded in the Senior Class for the best specimens of English composition.

THE SENIOR MATHEMATICAL PRIZES, (the first consisting of a gold medal of the value of ten dollars, with ten dollars in money, the second of ten dollars in money,) are given to two members of the Senior Class for the best solution of problems in both abstract and concrete mathematics.

THE BERKELEY PREMIUMS for Latin composition are offered to the Junior, Sophomore, and Freshman Classes near the beginning of the third term.

THE CLARK PREMIUMS will be offered, during the present year, for the best examination in the Latin of the second term of Junior year; for excellence in the department of the higher Mathematics of Junior year; and for the solution of problems in Practical Astronomy.

THE COLLEGE PREMIUMS are given in the Sophomore Class for English composition, at the end of the first and second terms, in the Sophomore Class for Declamation, and in the Sophomore and Freshman Classes for the solution of mathematical problems.
