REPLACEMENT CAPITAL COVENANT, dated as of April 17, 2009 (this “*Replacement Capital Covenant*”), by American International Group, Inc., a Delaware corporation (together with its successors and assigns, including any entity surviving or resulting from a merger, consolidation, binding share exchange, sale, lease or transfer of all or substantially all of the assets or other business combination, the “*Corporation*”), in favor of and for the benefit of each Covered Debtholder (as defined below).

RECITALS

A. On the date hereof, the Corporation is issuing its Series E Fixed Rate Non-Cumulative Perpetual Preferred Securities with an aggregate liquidation preference of \$41,604,576,000 (the “*Preferred Securities*”).

B. The Corporation is entering into and disclosing the content of this Replacement Capital Covenant in the manner provided below with the intent that the covenants provided for in this Replacement Capital Covenant be enforceable by each Covered Debtholder and that the Corporation be estopped from disregarding the covenants in this Replacement Capital Covenant, in each case to the fullest extent permitted by applicable law.

C. The Corporation acknowledges that reliance by each Covered Debtholder upon the covenants in this Replacement Capital Covenant is reasonable and foreseeable by the Corporation and that, were the Corporation to disregard its covenants in this Replacement Capital Covenant, each Covered Debtholder would sustain an injury as a result of its reliance on such covenants.

NOW, THEREFORE, the Corporation hereby covenants and agrees as follows in favor of and for the benefit of each Covered Debtholder.

SECTION 1. Definitions. Capitalized terms used in this Replacement Capital Covenant (including the Recitals) have the meanings set forth in Schedule I hereto.

SECTION 2. Limitations on Redemption and Purchase of Preferred Securities. The Corporation hereby promises and covenants to and for the benefit of each Covered Debtholder that the Corporation shall not redeem or purchase, and no Subsidiary of the Corporation shall purchase, all or any part of the Preferred Securities prior to April 17, 2012, except to the extent that the applicable redemption or purchase price does not exceed the sum of the following amounts:

(i) the Applicable Percentage of the aggregate amount of net cash proceeds the Corporation and its Subsidiaries have received from the sale of Common Stock, Rights to acquire Common Stock, Mandatorily Convertible Preferred Stock, Debt and Forward Security and Qualifying Capital Securities (collectively, the “*Replacement Capital Securities*”); plus

(ii) the Applicable Percentage of the aggregate Market Value of any Common Stock (or Rights to acquire Common Stock) the Corporation and its Subsidiaries have delivered or issued in connection with the conversion of any convertible or exchangeable securities, other than securities for which the Corporation or any of its Subsidiaries has received equity credit from any NRSRO,

in each case to persons other than the Corporation and its Subsidiaries since the most recent Measurement Date (without double counting proceeds received in any prior Measurement Period); *provided* that the

limitations in this Section 2 shall not restrict the Corporation from exchanging any of the Preferred Securities for Common Stock or Qualifying Non-Cumulative Preferred Stock.

SECTION 3. *Covered Debt.* (a) The Corporation represents and warrants that the Initial Covered Debt is Eligible Senior Debt.

(b) On or during the 30-day period immediately preceding any Redesignation Date with respect to the Covered Debt then in effect, the Corporation shall identify the series of Eligible Debt that will become the Covered Debt on and after such Redesignation Date in accordance with the following procedures:

(i) the Corporation shall identify each series of its then outstanding unsecured, long-term indebtedness for money borrowed that is Eligible Debt;

(ii) if only one series of the Corporation's then outstanding unsecured, long-term indebtedness for money borrowed is Eligible Debt, such series shall become the Covered Debt commencing on the related Redesignation Date;

(iii) if the Corporation has more than one outstanding series of unsecured, long-term indebtedness for money borrowed that is Eligible Debt, then the Corporation shall identify the series that has the latest occurring final maturity date as of the date the Corporation is applying the procedures in this Section 3(b) and such series shall become the Covered Debt on the related Redesignation Date;

(iv) the series of outstanding long-term indebtedness for money borrowed that is determined to be Covered Debt pursuant to clause (ii) or (iii) above shall be the Covered Debt for purposes of this Replacement Capital Covenant for the period commencing on the related Redesignation Date and continuing to but not including the Redesignation Date as of which a new series of outstanding unsecured, long-term indebtedness is next determined to be the Covered Debt pursuant to the procedures set forth in this Section 3(b); and

(v) in connection with such identification of a new series of Covered Debt, the Corporation shall, as provided for in Section 3(c), give a notice and file with the Commission a Current Report on Form 8-K under the Securities Exchange Act including or incorporating by reference this Replacement Capital Covenant as an exhibit within the time frame provided for in such section.

(c) *Notice.* In order to give effect to the intent of the Corporation described in Recital B, the Corporation covenants that (i) simultaneously with the execution of this Replacement Capital Covenant or as soon as practicable after the date hereof, it shall (x) give notice to the Holders of the Initial Covered Debt, in the manner provided in the indenture relating to the Initial Covered Debt, of this Replacement Capital Covenant and the rights granted to such Holders hereunder and (y) file a copy of this Replacement Capital Covenant with the Commission as an exhibit to a Current Report on Form 8-K under the Securities Exchange Act; (ii) so long as the Corporation is a reporting company under the Securities Exchange Act, the Corporation will include in each Annual Report on Form 10-K filed with the Commission under the Securities Exchange Act a description of the covenant set forth in Section 2 and identify the series of long-term indebtedness for borrowed money that is Covered Debt as of the date such Form 10-K is filed with the Commission; (iii) if a series of the Corporation's long-term indebtedness for money borrowed (1) becomes Covered Debt or (2) ceases to be Covered Debt, the Corporation will give

notice of such occurrence within 30 days to the holders of such long-term indebtedness for money borrowed in the manner provided for in the indenture, fiscal agency agreement or other instrument under which such long-term indebtedness for money borrowed was issued and report such change in a Current Report on Form 8-K, which must include or and incorporate by reference this Replacement Capital Covenant, and in the Corporation's next Quarterly Report on Form 10-Q or Annual Report on Form 10-K, as applicable; (iv) if, and only if, the Corporation ceases to be a reporting company under the Securities Exchange Act, the Corporation will (A) post on its website the information otherwise required to be included in Securities Exchange Act filings pursuant to clauses (ii) and (iii) of this Section 3(c) and (B) cause a notice of the execution of this Replacement Capital Covenant to be posted on the Bloomberg screen for the Covered Debt or any successor Bloomberg screen and each similar third-party vendor's screen the Corporation reasonably believes is appropriate (each an "*Investor Screen*") and cause a hyperlink to a definitive copy of this Replacement Capital Covenant to be included on the Investor Screen for each series of Covered Debt, in each case to the extent permitted by Bloomberg or such similar third-party vendor, as the case may be; and (v) promptly upon request by any Holder of Covered Debt, the Corporation will provide such Holder with an executed copy of this Replacement Capital Covenant.

(d) The Corporation agrees that, if at any time the Covered Debt is held by a trust (for example, where the Covered Debt is part of an issuance of trust preferred securities), a holder of the securities issued by such trust may enforce (including by instituting legal proceedings) this Replacement Capital Covenant directly against the Corporation as though such holder owned Covered Debt directly, and the holders of such trust securities shall be deemed to be the Holders of "*Covered Debt*" for purposes of this Replacement Capital Covenant for so long as the indebtedness held by such trust remains Covered Debt hereunder.

SECTION 4. *Termination, Amendment and Waiver.* (a) The obligations of the Corporation pursuant to this Replacement Capital Covenant shall remain in full force and effect until the earliest date (the "*Termination Date*") to occur of (i) April 17, 2012, (ii) the date, if any, on which the Holders of a majority of the then outstanding principal amount of the then-effective series of Covered Debt consent or agree in writing to the termination of this Replacement Capital Covenant and the obligations of the Corporation hereunder and (iii) the date on which the Corporation ceases to have any series of outstanding Eligible Senior Debt or Eligible Subordinated Debt (in each case without giving effect to the rating requirement in clause (b) of the definition of each such term). From and after the Termination Date, the obligations of the Corporation pursuant to this Replacement Capital Covenant shall be of no further force and effect.

(b) This Replacement Capital Covenant may be amended or supplemented from time to time by a written instrument signed by the Corporation with the consent of the Holders of a majority of the then outstanding principal amount of the then-effective series of Covered Debt, *provided* that this Replacement Capital Covenant may be amended or supplemented from time to time by a written instrument signed only by the Corporation (and without the consent of the Holders of the then-effective series of Covered Debt) if any of the following apply (it being understood that any such amendment or supplement may fall into one or more of the following): (i) the effect of such amendment or supplement is solely to impose additional restrictions on, or eliminate certain of, the types of securities qualifying as Replacement Capital Securities and an officer of the Corporation has delivered to the Holders of the then-effective series of Covered Debt in the manner provided for in the indenture, fiscal agency agreement or other instrument with respect to such Covered Debt a written certificate to that effect, (ii) such amendment or supplement is not materially adverse to the rights of the Covered Debtholders hereunder and an officer of the Corporation has delivered to the Holders of the then-effective series of Covered Debt in the manner provided for in the indenture, fiscal agency agreement or other instrument with respect to

such Covered Debt a written certificate stating that, in his or her determination, such amendment or supplement is not materially adverse to the Covered Debtholders, or (iii) such amendment or supplement eliminates Common Stock, Debt and Forward Security, Mandatorily Convertible Preferred Stock and/or Rights to acquire Common Stock as Replacement Capital Securities if, after the date of the Certificate of Designations, an accounting standard or interpretive guidance of an existing standard issued by an organization or regulator that has responsibility for establishing or interpreting accounting standards in the United States becomes effective such that there is more than an insubstantial risk that the failure to eliminate Common Stock, Debt and Forward Security, Mandatorily Convertible Preferred Stock and/or Rights to acquire Common Stock as Replacement Capital Securities would result in a reduction in the Corporation's earnings per share as calculated in accordance with generally accepted accounting principles in the United States. For this purpose, an amendment or supplement that adds new types of securities qualifying as Replacement Capital Securities or modifies the requirements of securities qualifying as Replacement Capital Securities will not be deemed materially adverse to the Holders of the then-effective series of Covered Debt if, following such amendment or supplement, this Replacement Capital Covenant would constitute a Qualifying Replacement Capital Covenant.

(c) For purposes of Sections 4(a) and 4(b), the Holders whose consent or agreement is required to terminate, amend or supplement the obligations of the Corporation under this Replacement Capital Covenant shall be the Holders of the then-effective Covered Debt as of a record date established by the Corporation that is not more than 30 days prior to the date on which the Corporation proposes that such termination, amendment or supplement becomes effective.

SECTION 5. *Miscellaneous.* (a) This Replacement Capital Covenant shall be governed by and construed in accordance with the laws of the State of New York.

(b) This Replacement Capital Covenant shall be binding upon the Corporation and its successors and assigns and shall inure to the benefit of the Covered Debtholders as they exist from time-to-time (it being understood and agreed by the Corporation that any Person who is a Covered Debtholder at the time such Person acquires, holds or sells Covered Debt shall retain its status as a Covered Debtholder for so long as the series of long-term indebtedness for borrowed money owned by such Person is Covered Debt and, if such Person initiates a claim or proceeding to enforce its rights under this Replacement Capital Covenant after the Corporation has violated its covenants in Section 2 and before the series of long-term indebtedness for money borrowed held by such Person is no longer Covered Debt, such Person's rights under this Replacement Capital Covenant shall not terminate by reason of such series of long-term indebtedness for money borrowed no longer being Covered Debt). Other than the Covered Debtholders as provided in the previous sentence, no other Person shall have any rights under this Replacement Capital Covenant or be deemed a third party beneficiary of this Replacement Capital Covenant. In particular, no holder of the Preferred Securities is a third party beneficiary of this Replacement Capital Covenant.

(c) All demands, notices, requests and other communications to the Corporation under this Replacement Capital Covenant shall be deemed to have been duly given and made if in writing and (i) if served by personal delivery upon the Corporation, on the day so delivered (or, if such day is not a Business Day, the next succeeding Business Day) or (ii) if delivered by registered post or certified mail, return receipt requested, or sent to the Corporation by a national or international courier service, on the date of receipt by the Corporation (or, if such date of receipt is not a Business Day, the next succeeding Business Day), and in each case to the Corporation at the address set forth below, or at such other address as the Corporation may thereafter notify to Covered Debtholders or post on its website as the address for notices under this Replacement Capital Covenant:

DEFINITIONS

“*Alternative Payment Mechanism*” means, with respect to any securities or combination of securities (together in this definition, “*securities*”), provisions in the related transaction documents that require the Corporation to issue (or use commercially reasonable efforts to issue) one or more types of APM Qualifying Securities raising eligible proceeds at least equal to the deferred Distributions on such securities and apply the proceeds to pay unpaid Distributions on such securities, commencing on the earlier of (x) the first Distribution Date after commencement of a deferral period on which the Corporation pays current Distributions on such securities and (y) the fifth anniversary of the commencement of such deferral period, and that

(a) define “eligible proceeds” to mean, for purposes of such Alternative Payment Mechanism, the net proceeds (after underwriters’ or placement agents’ fees, commissions or discounts and other expenses relating to the issuance or sale of the relevant securities, where applicable) that the Corporation has received during the 180 days prior to the related Distribution Date from the issuance of APM Qualifying Securities to persons that are not Subsidiaries of the Corporation up to the maximum issuance cap described below and up to the Preferred Cap in the case of APM Qualifying Securities that are Qualifying Non-Cumulative Preferred Stock or Mandatorily Convertible Preferred Stock;

(b) permit the Corporation to pay current Distributions on any Distribution Date out of any source of funds but (x) require the Corporation to pay deferred Distributions only out of eligible proceeds and (y) prohibit the Corporation from paying deferred Distributions out of any source of funds other than eligible proceeds, unless otherwise required at the time by any applicable regulatory authority or if an event of default has occurred that results in an acceleration of the principal amount of the relevant securities;

(c) include a Repurchase Restriction;

(d) limit the obligation of the Corporation to issue (or use commercially reasonable efforts to issue) APM Qualifying Securities up to:

(i) in the case of APM Qualifying Securities that are Common Stock or Qualifying Warrants, during the first five years of any deferral period (x) an amount from the issuance thereof pursuant to the Alternative Payment Mechanism equal to 2% of the Corporation’s most recently published market capitalization or (y) a number of shares of Common Stock and Qualifying Warrants not in excess of 2% of the number of shares of outstanding Common Stock set forth in the Corporation’s most recently published financial statements (the amount in clause (x) or (y) is referred to as the “*Common Cap*”); and

(ii) in the case of APM Qualifying Securities that are Qualifying Non-Cumulative Preferred Stock or Mandatorily Convertible Preferred Stock, an amount from the issuance thereof pursuant to the related Alternative Payment Mechanism (including at any point in time from all prior issuances of Qualifying Non-Cumulative Preferred Stock and still-outstanding Mandatorily Convertible Preferred Stock pursuant to such Alternative Payment Mechanism) equal to 25% of the liquidation or principal amount of the securities that are the subject of the related Alternative Payment Mechanism (the “*Preferred Cap*”);

(e) permit the Corporation, at its option, to impose a limitation on the issuance of APM Qualifying Securities consisting of Common Stock, Mandatorily Convertible Preferred Stock and Qualifying Warrants, in each case to a maximum issuance cap to be set at the Corporation's discretion, *provided* that such maximum issuance cap will be subject to the Corporation's agreement to use commercially reasonable efforts to increase the maximum issuance cap when reached and (i) simultaneously satisfy its future fixed or contingent obligations under other securities and derivative instruments that provide for settlement or payment in shares of Common Stock or (ii) if the Corporation cannot increase the maximum issuance cap as contemplated in the preceding clause, by requesting its board of directors to adopt a resolution for shareholder vote at the next occurring annual shareholders meeting to increase the number of shares of the Corporation's authorized common stock for purposes of satisfying the Corporation's obligations to pay deferred distributions;

(f) in the case of securities other than non-cumulative preferred stock, include a Bankruptcy Claim Limitation Provision; and

(g) permit the Corporation, at its option, to provide that if the Corporation is involved in a merger, consolidation, amalgamation, binding share exchange or conveyance, transfer or lease of assets substantially as an entirety to any other person or a similar transaction (a "*business combination*") where immediately after the consummation of the business combination more than 50% of the surviving or resulting entity's voting stock is owned by the shareholders of the other party to the business combination or continuing directors cease for any reason to constitute a majority of the directors of the surviving or resulting entity, then clauses (a), (b) and (c) above will not apply to any deferral period that is terminated on the next interest payment date following the date of consummation of the business combination. "*Continuing director*" means a director who was a director of the Corporation at the time the definitive agreement relating to the transaction was approved by the Corporation's board of directors;

provided (and it being understood) that:

(1) the Corporation shall not be obligated to issue (or use commercially reasonable efforts to issue) APM Qualifying Securities for so long as a Market Disruption Event has occurred and is continuing;

(2) if, due to a Market Disruption Event or otherwise, the Corporation is able to raise and apply some, but not all, of the eligible proceeds necessary to pay all deferred Distributions on any Distribution Date, the Corporation will apply any available eligible proceeds to pay accrued and unpaid Distributions on the applicable Distribution Date in chronological order subject to the Common Cap, the Preferred Cap, and any maximum issuance cap referred to in clause (e) above, as applicable; and

(3) if the Corporation has outstanding more than one class or series of securities under which it is obligated to sell a type of APM Qualifying Securities and apply some part of the proceeds to the payment of deferred Distributions, then on any date and for any period the amount of net proceeds received by the Corporation from those sales and available for payment of deferred Distributions on such securities shall be applied to such securities on a *pro rata* basis up to the Common Cap, the Preferred Cap and any maximum issuance cap referred to above, as applicable, in proportion to the total amounts that are due on such securities.

- (iii) Qualifying Non-Cumulative Preferred Stock; and
- (iv) Mandatorily Convertible Preferred Stock;

provided that

(a) if the APM Qualifying Securities for any Alternative Payment Mechanism or Mandatory Trigger Provision include both Common Stock and Qualifying Warrants,

(i) such Alternative Payment Mechanism or Mandatory Trigger Provision may permit, but need not require, the Corporation to issue Qualifying Warrants; and

(ii) the Corporation may, without the consent of the holders of the Qualifying Capital Securities, amend the definition of APM Qualifying Securities to eliminate Common Stock or Qualifying Warrants (but not both) from the definition if, after the date of the Certificate of Designations, an accounting standard or interpretive guidance of an existing standard issued by an organization or regulator that has responsibility for establishing or interpreting accounting standards in the United States becomes effective so that there is more than an insubstantial risk that the failure to do so would result in a reduction in the Corporation’s earnings per share as calculated for financial reporting purposes; and

(b) if the APM Qualifying Securities for any Alternative Payment Mechanism or Mandatory Trigger Provision include Mandatorily Convertible Preferred Stock,

(i) such Alternative Payment Mechanism or Mandatory Trigger Provision may permit, but need not require, the Corporation to issue Mandatorily Convertible Preferred Stock; and

(ii) the Corporation may, without the consent of the holders of the Qualifying Capital Securities, amend the definition of APM Qualifying Securities to eliminate Mandatorily Convertible Preferred Stock from the definition if, after the date of the Certificate of Designations, an accounting standard or interpretive guidance of an existing standard issued by an organization or regulator that has responsibility for establishing or interpreting accounting standards in the United States becomes effective so that there is more than an insubstantial risk that the failure to do so would result in a reduction in the Corporation’s earnings per share as calculated for financial reporting purposes.

(i) in the case of securities having an Alternative Payment Mechanism or a Mandatory Trigger Provision with respect to which the APM Qualifying Securities do not include Qualifying Non-Cumulative Preferred Stock or Mandatorily Convertible Preferred Stock, 25% of the stated or principal amount of such securities then outstanding; and

(ii) in the case of any other securities, an amount not in excess of the sum of (x) the amount of accumulated and unpaid Distributions (including compounded amounts) that relate to the earliest two years of the portion of the deferral period for which Distributions have not been paid and (y) an amount equal to the excess, if any, of the Preferred Cap over the aggregate amount of net proceeds from the sale of Qualifying Non-Cumulative Preferred Stock and still-outstanding Mandatorily Convertible Preferred Stock that the issuer has applied to pay such Distributions pursuant to the Alternative Payment Mechanism or the Mandatory Trigger Provision, *provided* that the holders of such securities are deemed to agree that, to the extent the remaining claim exceeds the amount set forth in subclause (x), the amount they receive in respect of such excess shall not exceed the amount they would have received had such claim ranked *pari passu* with the interests of the holders, if any, of Qualifying Non-Cumulative Preferred Stock.

In the case of any cumulative preferred stock that includes a Bankruptcy Claim Limitation Provision, such provision shall limit the liquidation preference of such cumulative preferred stock to its stated amount, plus an amount in respect of accumulated and unpaid dividends not in excess of the amount set forth in clause (i) or (ii) above, as applicable.
