Investment in BIL represents a rare opportunity for international diversification in the financial sector of Luxembourg, a AAA rated country at the heart of Europe. BIL is one of the biggest banks in Luxembourg and is recognised as systemically important by the European Central Bank. Legend Holdings, a Chinese investment group listed on the Hong Kong Stock Exchange who founded the Lenovo Group, holds a 90% stake in BIL. The remaining 10% are owned by the Luxembourgish Government, thereby further strengthening the strategic position of the bank.

Investor presentation
