Not if it's the only question about how to manage the bankruptcy--don't want to suggest Fed willingness to give JPMC cover to screw L or anyone else.

We have no idea. FRBNY set it up. If the call is about lots of stuff, are you OK with this being one topic?

What is the context of the JPMC call? Are we asking other similar questions?

Are you OK with us running the tri-party solution structure we spoke with you about

just now past JPMC to see if it is operationally feasible for them (acknowledging that this is just one of many options that are kicking around). FRBNY legal and policy thinks our proposal is workable and the best option we have right now. JPMC call is starting shortly.
