David,

I spoke to Bill Dooley and he indicated that he trying to get me something early afternoon so that we could have a call later today. He said that he wanted to be on the call. He also indicated that he was going to be unavailable all of tomorrow and said that he did not want this to spill over to Friday. I let him know that you and I had been in touch today and that it was important that I get the information back from him with enough time to review it prior to getting on a call. I will let you know when I have something.

Thanks,
Mike

David,
At a high level we understand the numbers that Bill gave you. We are hoping to rec in more detail. They agreed on Monday to give us their px's and third party px's on a position by position level. We should have a summary shortly after they give us the details.

Regards,
Mike
