COMMENCEMENT IN REVIEW
About 50 alumnae attended the buffet luncheon in Sterling Dormitory on June 5, 1954, provided by the New Haven Regional with net proceeds for the A.W.G. Fund.

Following the luncheon the 29th Annual Meeting of the Yale School of Nursing Alumnae Association was held in the Brady Auditorium, with the president, Margaret Perry Pearce, presiding. She reported on the monthly Board meetings held during
the year and gave a brief review of the February Alumnae Day. She mentioned the future possibility of a 64-page Yale Nursing News to be edited by Barbara Russell '39 and published annually.

The Treasurer's report was read and the proposed budget for 1955 was presented. It was voted to change the fiscal year from January to June 1 to June 1. It will now be possible to have the books audited just before the annual meeting and just before new officers assume their duties. (At a meeting of the Board of Directors since this annual meeting, it was voted that all who have made contributions to YUSNAA in the form of dues since January 1, 1954, and all who shall make contributions until June 1, 1955, be considered members in good standing).

Dean Bixler brought us up to date on student and faculty news. Thirty-seven students had been accepted for next fall with 7 applications pending. All alumnae present were invited for coffee at her home on Sunday.

Miss Anna Ryle '33, Director of Nursing Service at Grace-New Haven Community Hospital, explained the changes which have taken place and which are about to take place in the hospital, including the establishment of Food Service under the direct supervision of the Dietary Department and Housekeeping under the Housekeeping Department. The director also announced the appointment of Mr. Hiram Sibley as program development director of the recently formed Yale-New Haven Medical Center.

Reports were made by the Alumnae Advisory Council, the Membership Committee, the Finance Committee, the Publications and Publicity Committee and by the Chairmen of Regional Groups.

Mrs. Henry Stude '49, new chairman of the Annie W. Goodrich Endowment Fund, reviewed the establishment of the goal of $300,000 for an Endowed Chair of Nursing in the Yale School of Nursing. She impressed upon those present that during the coming year a "final push" is to be undertaken. She stated that the type of Chair will depend upon the needs of nurses at the time the goal is reached; the person to fill it will be appointed by the Dean and the Alumnae Advisory Council to YSN.

Mrs. Pearce announced that there had been a great deal of correspondence from members of the Alumnae Association recommending honorary membership for Miss Carpenter. Twenty-nine letters had been received from a wide range of classes. She read one from Marion Russell '29, who being in Europe was unable to present her recommendation in person. She then read a recommendation from the Board of Directors to the membership that it confer honorary membership upon Miss Myrtie Carpenter. The vote in favor was unanimous.

Members were asked to write in suggestions for possible recipients of the Yale Medal and candidates for an Alumni Fellow.

Newly elected officers for the coming year were announced by the Nominating Committee:

President: Katherine Davis '48.
Treasurer: Mary Payne Sullivan '35 (Mrs. William).
 Directors: Eleanor Tilton Davis '31 (Mrs. R. L., Jr.), Jane Stacy '51, Jane Shannon '52.
 (Vice-president, Rosalind Loutrel '48; Secretary, Margaret Chalker Maddocks '35; Directors Elizabeth Cole '45W and Ethel Barach '52 complete the Board of Directors.)

Nominating Committee 1954-55: Aldyth Longshore Claiborn (Mrs. Louie N.) '36, Margaret Perry Pearce (Mrs. Herbert H.) '45, Dorothy Peck Skilton (Mrs. Ernest W.) '32.

The Commencement dinner with the Class of 1954 as guests of the Alumnae Association was held in the Presidents' Room in Woolsey Hall. At the head table
were Dean Bixler, Dean Emeritus Annie W. Goodrich, Miss Constance Sturim, president of the Class of 1954, Dr. E. Cayler Hammond, speaker for the occasion, and our retiring president. Mrs. Pearce introduced Miss Sturim who presented a check for $25 as a gift from her class to the A.W.G. Fund. A letter from Miss Melby was read, in which she expressed her regrets in being unable to attend, and said "I regard very highly the efforts of your Association in the establishment of the Goodrich Fund and I take pleasure in sending a contribution to aid in that most worthy cause." (A check for $100 was enclosed.) Miss Goodrich spoke to the graduates, urging them to "teach children that this is a beautiful world" and "to make this world the best we hope to have."

Mrs. Pearce introduced Dr. Hammond, Director of Research, American Cancer Society, Chairman of the Statistics Section, and Professor of Biometry and Statistics at Yale. His grandfather was the first graduate of Yale Law School and the Cayler Athletic Field is named for his family. (Since June 5 his work has become nationally famous in the report to the American Medical Association at San Francisco on the ACS study, concluding that Cigarettes Cut Life's Span for Men over 50.) Dr. Hammond expressed his views on current medicine. He said that preventive rather than curative medicine has contributed to life expectancy, that disease must be thought of in terms of causes. He explained the part he and his associates are contributing to the Yale program of research. Statistical epidemiology can lead us to ascertain where people live, what they breathe, what they do, and can give us the facts to answer such questions as "Are cancer deaths higher in cities because of bad air?" He mentioned his most recent study on the relationship of cigarette smoking and lung cancer, but was not permitted to announce the results at that date.

Reunion classes of 1929, 1934, 1939, 1944, and 1949 reported their statistics as to marriages, births, and professional achievements.

Dean Bixler addressed the graduating class, expressing the need there is for warmth and understanding along with the skill and knowledge they will gain as they go along. "Emphasis should always be on the caring."

Mrs. Pearce concluded with a rising vote of thanks to the committee who had made this dinner a success.

Your editor wishes to thank Miss Carpenter and each member of the Bulletin Board for the fine assistance given me this year. My thanks also to all who have written articles or passed on suggestions as to what we should include. Your comments are always welcome as we try to make this small bulletin as responsive to your interests as you have been to the many requests made in it to you.

New addresses as such will be omitted in this and the fall issue, but will all be included in the Directory 1954 to be issued again in December. An annual contribution to YSNAA makes you an active, voting member and eligible to receive this complete biennial directory of YSN graduates.

The Editor

FROM THE DEAN'S REPORT AT THE ANNUAL MEETING

The most recent and most exciting news from the School is that we have been granted two additional full Professorships. Miss Jean MacLean and Miss Hedwig Toelle have been promoted to these positions as of July 1, 1954. We are very happy for them and for us, as this is a distinct advance for the School of Nursing.

We are also happy to report two new positions on the faculty. The first is that of Assistant Professor of Rehabilitation, which is made possible by a grant from the National Foundation for Infantile Paralysis. Edith Olson has been appointed to this position and joined our faculty on February 1 of this year. She is a graduate of Kings County Hospital in Brooklyn and has her bachelor's and master's degrees from Hunter College. She will be assigned to Fitkin II, the rehabilitation ward, and we are sure will be a great addition to the faculty and will help us to strengthen the curriculum. The other new position is that of Research Associate in Mental Health Nursing, made possible by an additional grant from the Public Health Service. Ida Orlando, a graduate of the Flower Fifth Avenue Hospital in New York City, who has just received her master's degree
from Teacher's College at Columbia in Ruth Gilbert's Mental Health Nursing course, has been appointed to this position and joined the faculty on May 1. She is having several months of orientation and we believe she will assist us greatly in strengthening the Mental Health concepts in the basic curriculum.

For the fourth consecutive year, the instructor in M & S II is leaving to be married. We are very happy for Ellen Peck, who will be married this month, but we regret that she is leaving our faculty. Mrs. Betty Gentsch, who has her bachelor's degree from the Columbia-Presbyterian School of Nursing will come on our faculty this summer as a clinical instructor in Medical Nursing, with chief responsibility for the teaching of M & S II. This will now be a full time teaching position, and the instructor will no longer serve part-time as Head Nurse in the Tuberculosis Clinic.

During the past year the Faculty Council voted to discontinue affiliations with YSN, in order to be able to spend more time on the Yale program per se, and to plan for the future. The diploma programs which have affiliated with us for Pediatrics will, after this fall, affiliate directly with the Grace-New Haven School of Nursing. The University of Connecticut, which has affiliated with YSN for the past eight years will affiliate directly with the G-NHCH which means that they will be able to strengthen their School and add members to their clinical faculty here at the hospital. This decision was reached only after careful study of the situation and we believe it will be advantageous to all concerned.

We have been very pleased with the activities of the Alumni Council's Committee on the Division of Medical Affairs, particularly the Sub-Committee on the School of Nursing. Mr. Coombe, Chairman of the large Committee, stated this year that the energies of the Committee would be turned toward the School of Nursing and he appointed a sub-committee, with Esther Lucile Brown as Chairman. Helen Bunge is the one nurse on this Committee. The Committee has met regularly and at frequent intervals during the winter and has been very much interested in the problems of the School. A report of the Committee has been presented to the Corporation and received with enthusiasm. It was discussed in detail with the Advisory Council. Briefly the recommendations are three. The first concerns the two full Professorships, which as stated above, have been granted. The second concerns the need for a new dormitory and better office and classroom space. It is safe to say that there is more interest in a dormitory than ever before and we have had visits from many University officials and members of the Corporation. If the money should be forthcoming, there is no question but that we would have a new dormitory. The third recommendation concerns the need for publicity and recruitment. We are forced to admit that we do not have as many applications as we would like, and although we have not been granted any additional staff members to work on this project alone, we will make every effort to recruit a larger number of students. We will undoubtedly call on various alumnae to help in this project.

MISS CARPENTER HONORED

Selecting from many letters received, Mrs. Pearce read the following from Marion Russell ’29, in presenting to the membership of YSNAA the name of Miss Myrtie Carpenter as a candidate for honorary membership:

Dear Mrs. Pearce:

Traditionally one is qualified by the simple passing of time in a position to merit a token of esteem for accumulated years of service with an agency. Over a year ago Miss Myrtie Carpenter received such a token of appreciation for twenty-five years of continuous service with the Yale School of Nursing.

It is service well beyond the call of duty, and of outstanding contribution, which I believe makes Miss Carpenter eligible for nomination to honorary membership in the Alumnae Association of the Yale School of Nursing.

In her many years of service Miss Carpenter has been dependably consistent in representing a kind of hearthside to which students are attracted, and at which alumnae find a warm and certain center of interest and understanding. For those at a distance Miss Carpenter long has taken
personal initiative in establishing and maintaining a relationship which ties the alumnae in to YSN with a deep feeling of mutual concern. To a vast majority of alumnae Miss Carpenter has become the warm and steady symbol of YSN’s personal recognition, sure welcome, and encouraging interest and support. It is through her devotion and loyalty that many alumnae achieve a richer family spirit toward YSN, and one which brings dividends of revitalized association.

Because of being in many ways very much at the heart of the alumnae group, Miss Carpenter merits nomination to honorary membership. Having talked informally about this with a number of devoted YSN alums, I should like to make this nomination to the Alumnae Association.

Sincerely yours,

Marion E. Russell

In answer to Mrs. Pearce’s letter informing her of the unanimous vote, Miss Carpenter replied:

"I can not tell you how deeply I appreciate the honor of being made a member of the Yale School of Nursing Alumnae Association—and especially do I appreciate your very kind letter.

"Just as I was feeling a little lonely as the last representative of the ‘old guard’ here on Brady—I suddenly find myself one of the youngest of the alumnae.

"As you well know, the graduates have been very dear to my heart in these twenty-seven years of my association with the School. I must confess that it has been difficult to guard myself from saying ‘we’ instead of ‘you’ when mentioning alumnae activities or School interests. Now, you see, I can say ‘we’ without apology!

"Please tell the girls that it has made me very proud, and very happy.”

PROGRESS OF THE A.W.G. FUND

Present total is approximately $42,423.36

Contributions since July 1, 1953, through the Yale Alumni Fund total $2,539.50, given by 184 Alumnae and range from $1 to $750. The Boston Regional Group raised $125 this year, the New Haven Group about $200, and the New York Group donated $50. Miss Melby contributed $100.

The recently reorganized committee: Elizabeth Stude ’49, Chairman, Dean Elizabeth Bixler ’27, Katherine Davis ’48, Clarice Hargiss ’47, Eleanor King ’32, Myrthe Nelson ’51, Margaret Pearce ’45, Elizabeth Plummer ’46W, Claire Sanderson ’42, Elizabeth Simmons ’29, Dorothy Skilton ’32, Anne Waters ’26.

REGIONAL GROUPS

The New Haven Regional held four meetings during the year at Nathan Smith Hall, with guest speakers. The rummage sale in April netted $126 and the luncheon on June 5 another $25 for the A.W.G. Fund. They have a new project under way. They are sponsoring a PRN Staff Nursing Campaign in cooperation with the Nursing Department of Grace-New Haven Community Hospital. The plan is that members of the Regional Group may contribute salaries so earned directly to the A.W.G. Fund, if they will agree to sign up for at least 4 hours a week over a 2-month period. The hospital will do the bookkeeping and no additional income tax will be involved. This is a triple opportunity: (1) to contribute to the Fund; (2) to refresh nursing techniques; (3) to provide more nursing service for the patients in the community. This idea originated with Jean Butler ’50, and won enthusiastic support from Anne Ryle ’33, Director of Nursing Service at the Grace-New Haven Community Hospital.

The Northampton Group had a pleasant supper meeting in May at the home of Janet Sanborn Hine ’47W (Mrs. Wadsworth C.) in Agawam, Mass.

When you move to a new area (as you very often do) by all means send us your new address, but try also to contact the Regional Chairman in the new area, so that you may sooner be included on her list. We have 19 groups with the following chairmen:

Ann Arbor, Michigan:
Miss Patricia Walsh ’35, 2335 Yost Blvd., Ann Arbor, Mich.

Asheville, North Carolina:
Mrs. John S. Boyce ’44 (Anne Tilghman), 25 Montview Dr., Asheville, N. C.

Washington, D. C.:
  Mrs. J. H. Falloon '44 (Selma Droznin), 5618 Chillum Heights Dr., Hyattsville, Md.

Our Constitution reads: "Article XVI Regional Groups. For the promotion of continued interest in this Alumnae Association, regional groups may be formed subject to approval of the Board of Directors, in localities where five or more members are residing." So what about somebody starting some more in such places as Portland, Maine, or Providence, R. I., or Honolulu, Hawaii? The Alumnae Office will be glad to furnish regional lists of members.

MISS TAYLOR ACTIVE

In spite of poor health, Dean Emeritus Effie J. Taylor, besides managing a maidless apartment, continues an active interest in the American Red Cross. As chairman of the Nursing Activities Committee for the New Haven Chapter, she addressed in May a group of near-graduates of four nursing schools in this area: St. Raphael's, Grace-New Haven, the University of Connecticut, and YSN. She explained to them the procedure for enrollment as Red Cross Nurses, who no longer form a reserve for the Army Nurse Corps, but are needed nevertheless as disaster and civilian defense reserves in every community.

Dr. Charles L. Buxton has succeeded Dr. Herbert Thoms as Professor of Obstetrics and Gynecology and Chairman of the Department. Dr. Buxton has been Professor of Clinical Obstetrics and Gynecology at the College of Physicians and Surgeons, Columbia University, and on the staff of the Sloane Hospital for Women in New York.
