ALUMNAE COLLEGE

On June 10th an enthusiastic group of alumnae, special guests, faculty and students attended Alumnae College. Lucy Conant discussed her summer plans which involve studying the health services for migrant workers. This study is sponsored by the National Council of Churches. Miss Wiedenbach presented a plan to research the nursing process (nurse-patient interaction) in a maternity setting. Miss Henderson discussed her current research involving a classification of research studies. She showed the group present material that discusses and indexes some research studies and thereby neatly indicated the great inadequacies in present nursing research classification. A periodical is sorely needed to keep the nursing profession informed of research pertinent to nursing. Mr. Trow, instructor in research, made some apt comments on methodology which the group likewise found most stimulating. Lunch was served in the hospital and sherry was later served to an informal gathering of participants. Those present indicated great pleasure and intellectual stimulation gained throughout the day.

ALUMNAE DAY

The Annual Meeting of the Alumnae Association was held on Saturday morning, June 11th. The proposed budget of $3700 was accepted. This was the same amount as last year's budget. More money has been allocated for services of the Yale Clerical Bureau, public relations, and class secretaries communications; and less money has been allocated for office supplies, and dinners for the graduating class. During the 1959-1960 fiscal year, 708 alumnae paid $3696.50 in dues. This represented an increase over the previous year when 692 alumnae paid $3630.50.

The new Board members of the Association are Anna T. Bazik '58, Helene Fitzgerald '26, and Charlotte Birely Lindskog '26. Elected to the Nominating Committee were Margaret St. John Gabriele '55, Mary S. Stilson '45, and Marian Weinberger '45. Continuing to serve are Lucy Conant '50 as President, Betty Ford '56 as Vice President, Mimi Dye '58 as Secretary, Elizabeth Smith Day '52 as Treasurer, and Dorothy Mac-Lennan '52 and Sarah Rowley '46 on the Board of Directors.

Later in the morning Mrs. Elizabeth Wilkinson '32 and Dorothy Mac-Lennan '52 conducted a tour of the group through the hospital which included the new radiation center, the renovated Winchester III, now a private ward, and the renovated Tompkins I, now an in-patient psychiatric unit. That afternoon Jane Wilcox, special assistant for nursing research at the National Institutes of Health, presented her study of implications for nursing care in a research study of sphygmomanometer readings, and Hilda Mertz, a present student, showed slides of school activities taken this past year.

The banquet was held in the President's Room in Woolsey Hall and was well attended by more than 80 members of reuniting and nonreuniting classes. In attendance were three deans of the school, Miss Taylor, Mrs. Torrey and Mrs. Wald. Our guest speaker was Jean Barrett, former faculty member, who delightfully shared many of her YSN memories.

MATERNAL AND NEWBORN HEALTH NURSING REUNION WORKSHOP

Graduates of the Maternal and Newborn Health Nursing Program met at the School of Nursing in June for a three-day reunion workshop under the sponsorship of the Connecticut State
Department of Health. A major purpose was to evaluate the Master's curriculum by examining how effectively the graduates put their education to use in subsequent professional experiences. Discussions essentially involved an exchange of ideas, exploration of problems, and an evaluation of the effectiveness of the reunion in terms of its usefulness to the graduate after the completion of the course. The following graduates attended:

Janet Essom '57, Syracuse Memorial Hospital, Syracuse, N.Y.
Margaret Field '59, Brewster Hospital and School of Nursing, Jacksonville, Fla.
Carmen Fischer '57, Children's Hospital, Buffalo, N.Y.
Alice Grant '59, St. Vincent's College of Nursing, Los Angeles, Calif.
Dorothy Grant '58, Duke University School of Nursing, Durham, N.C.
Betty Hilliard '58, University of Wyoming, College of Nursing, Laramie, Wyoming
Mrs. Armentia Jarrett '59, Berkeley, California
Shirley Macek '58, College of St. Catherine, School of Nursing, St. Paul, Minnesota
Mrs. Ruth Neikirk '57, Capital University, School of Nursing, Columbus, Ohio
Elizabeth Sharp '59, Yale University School of Nursing
Sally Yeomans '58, Yale University School of Nursing and Chicago Maternity Center, Chicago, Illinois

It is interesting to note that of the 13 graduates, 10 are teaching. Six of these are in a basic collegiate program, 2 in a graduate program, 1 in a hospital, and 1 in a school of midwifery. All are in the clinical speciality of obstetrics and newborn health nursing. Of the other 3, 1 is an administrator in a general patient care unit, 1 is doing general staff duty, and 1 is not currently employed.

YALIES MEET AT THE A.N.A. CONVENTION

Twenty-three Yale Alums met for luncheon at the Saxony Hotel during the A.N.A. meetings at Miami last May. Mrs. Wald and Miss Virginia Henderson represented the School, Betty Ford '56, the YSN Board of Directors, and Elizabeth Wilkinson '32 represented the Grace-New Haven Community Hospital. Sally Washeim '29 and Thelma Laird '35 attended the A.N.A. meetings but time conflicts prevented their joining us at luncheon. Alumnae members were present from many areas of the country. We marveled to hear of the staff of 5000 who are under the direction of Evelyn Hamil '47W, Director of Nursing Service and Nursing Education at the Los Angeles County General Hospital. Jean Hill '35 was happy to report the accreditation of the School of Nursing at the University of Kansas, of which she is chief. A member whom we had not heard from recently was Phyllis Kyte Hullum '48 who brought us up to date with her report of four children. This was a most pleasant and stimulating gathering for all.

--- REGIONAL GROUPS ---

The Fairfield-Westchester Regional Group held the last of its four meetings on Tuesday, May 17th at the home of Mrs. Peter Duncan (Charlotte Mulchay '41). The beginning of this supper meeting centered its discussion on the question of recruitment into the nursing profession. The regional group is especially interested in informing high school students from the Westchester-Fairfield area about degree programs in nursing. Adah Davis '45 was elected President and will conduct the next meeting in September.

The Philadelphia Regional Group met Friday, May 27th for dinner at the Yale Club. The group invited Mrs. Wald to join them. Conversation among the dozen members attending covered the Yale School of Nursing past, present, and future, as well as descriptions of activities of the various persons present. Mrs. Justine Rizinsky Glassman '51 is a most enthusiastic and energetic chairman of this group. Rosemary Cody Edwards, an ex-'45 student, minister's wife and mother of four children, expressed an interest in resuming her nursing education. Kathleen Wilson Henderson '38 has recently moved to the area and has become a member. Another newcomer is Frances Thielbar '32 presently associated with
the graduate program at the University of Pennsylvania. Much enthusiasm was expressed over the news that Dorothy Wilson, recent director of the New Haven VNA, is now to become director of the new Community Nursing Service of Philadelphia. This regional group plans another meeting in October.

The New Haven Regional Group held two meetings this year. The fall meeting was held at the home of Adele Buonocore '58, Helene Fitzgerald '25, Carmella Siena Pinto '58, and Eleanor Plescia Montanari '58 discussed the program of nurse interviews now in effect at the Department of University Health, Yale University. The spring meeting was held at the home of Mrs. Henry Bucholz '30 where Marguerite St. John Gabriele '55, and Pat Kasper Randles '55, discussed their nursing roles in the use of the heart-lung machine and the artificial kidney machine.

The New York Regional Group held a planning meeting at the home of Betty Simmons on May 23rd. Elizabeth Plummer '46W is to be chairman of that group.

We have no other detailed regional news. Please let the Alumnae Office know what your Regional Group is doing.

ANNUAL REPORT
ANNE W. GOODRICH FUND

It is the growing conviction of the members of the Annie W. Goodrich Committee that it is to our own YSN alumnae that we must look for the monies to attain our goal of $300,000 in the A.W.G. Fund -- rather than to expect large grants from foundations or corporations. In the past we have been fortunate to have received two or three such large amounts, but corporations and foundations which give generously to philanthropic causes tend to do so through national and international groups and do not single out one particular cause for contribution. Too, many of their allotments for philanthropy are committed for several years in advance. And what more appropriate group to approach than our own alumnae? We are sure there is not one of us who, when asked of which nursing school she is a graduate, does not reply proudly,

"Yale School of Nursing." Yet how many of us have ever thought that it would be impossible for us to say this had it not been for Annie W. Goodrich?

We are very much heartened by the fact that our alumnae seem to increasingly recognize their responsibility to the A.W.G. Fund as evidenced by the larger amount given by them to the Alumnae Fund this year and the increase in the number of alumnae who are giving. Figures as of June 1, 1960 are given below:

Alumnae awareness of their responsibility was so well demonstrated when Charlotte Duncan called on many of you to be class agents for the Alumnae Fund -- contributions to which were designated for the A.W.G. Fund. Responses for the most part were an instant "yes," and to the work of the class agents we attribute the growth in contributions and number giving as outlined above. We wish to express our sincere appreciation to those who served as class agents.

We are happy to report that in July, 1959, we passed our immediate goal of $100,000, which means that our next immediate goal is $200,000. As of July 31, 1960, the total in the A.W.G. Fund is $110,176.70. The income from the existing amount in the Fund will enable us to have a visiting professor for one half a year each year, or a professor for a full year every other year. The Dean and the faculty are now at work selecting a professor. To realize that we have actually achieved part of our goal is a tremendous incentive, and to all of you who have made this possible I extend my personal gratitude and the appreciation of the Committee. We rely on your continued generous support in the coming year.

MOVIE BENEFIT

The A. W. G. Committee is constantly seeking new sources of revenue to augment the A. W. G. Fund, and this Spring decided to sponsor a movie benefit. Mrs. Mimi Camp Niederman, ex-'53, a member of the Committee, agreed to serve as chairman and to enlist the aid of the New Haven Regional group of alumnae.

A local theatre, where movie benefits are frequently held, was contacted, and the manager and committee chairman agreed on a March showing of "Our Man in Havana" with Alec Guinness. A list of the New Haven Regional group was prepared (about 150 alumnae) and a letter sent to each telling of the movie benefit. At the bottom of the letter was a form to be filled out and mailed to the chairman requesting tickets. Tickets were sold at $1.00, the usual price of admission to the theatre. The A. W. G. Committee received 35¢ of this dollar if the ticket was used, the entire dollar if the ticket remained unused. Tickets were good for any performance (except opening week) during the run of the movie, approximately six weeks.

How did we fare? Well, we're pleased to tell you that our final profit was $552.85 and special commendation goes to Evelyn Sturmer M. S. '53 (who sold 400 tickets!), M. Elizabeth Tenant, a member of the A. W. G. Committee and Professor of Public Health Nursing at Yale, and Mimi Dye '58 as top ticket sales personnel.

We are hoping some of the other regional groups will undertake a similar project -- it's fun, and the work involved not at all difficult. We'll supply all details. How about it Boston, New York, Philadelphia, Los Angeles, Fairfield-Westchester?

THE CHANGES IN THE BY-LAWS OF THE CONSTITUTION

The proposed changes in the Constitution and By-Laws were approved by the alumnae in the June elections, but there have been some questions from alumnae about these changes. Because many of the sections of the By-Laws were not meeting the needs of the Alumnae Association, and several sections needed revision to bring the Constitution up to date, the revisions were made.

Specifically, the following changes have been questioned, and it is hoped that these changes can be clarified for you.

Membership: The membership has been extended to many former students, who for various reasons were unable to graduate. Many of these former students have continued to show great interest in the school, and it was felt that their continued future interest was valuable.

Advisory Council: This article was eliminated because, at the moment, it was not functioning and its function was being met in other ways.

Standing Committees: Three of the Standing Committees were considered no longer necessary to have as Standing Committees. The needs of the Membership Committee and the Publicity and Publications Committees are being met in other ways. A Constitution Committee does not need to change the Constitution every year. The new Article X, Section 1, states "Special Committees, as necessary, may be appointed by the Board of Directors", therefore, these former committees may be re-appointed when the need arises.

Quorum: It is now stated as: "Any number of members of the Alumnae Association in attendance at a meeting, of whom at least three shall be officers, shall constitute a quorum for transacting business at such meeting of the Association." There are only two regular meetings each year and those members present now have the power of authority to transact business, thus preventing a delay of many months.

It is hoped that this will explain some of the changes. If there are further questions, please let us know.

Your continued interest and support by offering suggestions is always gratefully appreciated and constitutes a vital contribution to the Alumnae Association. Sally Rowley, for the Constitution Committee
YSN AUTHORS

Several YSN alumnae have been authors of articles in Nursing Outlook, Evelyn Hamil, '47W wrote "Nursing Administrators Confer" in the November '59 issue and Lola Laffay '44 shared in the writing of "The Small Car Has Made a Hit" which appeared in January '60. Imogene Cahill, '43 was a co-author of the article "Nursing Education Conferences" in the March '60 issue.

Other authors are Frances Lynn '52, co-author of an article "The Patient on a Tranquilizing Regimen" in the February '60 issue of the A.J.N. and Barbara Hoffman Reich, '55 who is co-author of "Nursing Care of the Patient with Addison's Disease" in A.J.N., September 1960. A report of the Rooming-In study, "An Evaluation of Nursing Care on an Obstetric Service," by Barbara Lucas Holman '45, appears in the summer 1960 issue of Nursing Research.

Ernestine Wiedenbach, YSN faculty member, has an article on "Nurse Midwifery... Purpose, Practice and Opportunity," in the Nursing Outlook of May 1960.

Betty Koster Countryman '44, is the author of the book, Breast Feeding. The book concerns the physical and psychological benefits of breast feeding to both mother and child. It gives practical suggestions to help a mother nurse her baby comfortably, successfully and confidently.

Class Newsletters

Please send YSN a copy of class newsletters even if on loan, since we are interested in news of all of the classes.

Job Opportunities

Antoinette Daniels '30, registrar, reports that she receives many letters concerning jobs for nurses and will be glad to give such information to alumnae on request.
Miss Anna T. Baziak is studying the value system of nurses in a psychiatric setting and will report in one year on this project.

Miss Lucy Conant is pursuing a doctorate in sociology and will be a full time student in the sociology department at Yale this year. In the fall of 1961 she will again return to the school as a faculty member. This summer she worked with a group sponsored by the National Council of Churches to study the health services of migrant workers.

Miss Virginia Henderson is doing a study of nursing research with Leo Simmons which involves classifying research studies. They hope to evolve a design for a periodical that will effectively report nursing studies. Three librarians are assisting with the project and from 700 to 1000 items were added last year to the index.

Miss Idi J. Orlando is one of the speakers in a memorial lecture series in honor of Ruth Kotinsky which is sponsored by the Bank Street College of Education. The title of the series is The Integration of Mental Health Principles in the Theory and Practice of the Human Relations Professions. Miss Orlando's topic is Function, Process and Principles in Professional Nursing Practice.

Mr. Donald Trow, instructor in research has received another offer and will not be with us this year. Mr. Robert Leonard from the University of Oregon will fill this vacancy. Mr. Leonard is very interested in methodology and in concept development. He will continue the work Mr. Trow has done and will undertake research in collaboration with the school.

Miss Ernestine Wiedenbach and Miss Elizabeth Sharp are studying the nursing process in a maternity setting and hope to get a grant for specific research in this area.
